MEDICO-LEGAL WORK

I was a Consultant Urologist at St James's University Hospital and Honorary Senior Lecturer at the University of Leeds, since 1992, as a General Urologist with a specific sub-specialty interest in Endourology and Upper Tract Minimally Invasive Surgery including Laparoscopy. I retired from clinical practice in June 2015.

My research interests have focused on the management and research of Renal Cell Cancer and Urinary Stone disease but latterly on issues relating to training and the provision of Urological Services, with over 85 publications in peer reviewed journals. I have been co-author of a text book on Laparoscopy in Urology and author of several chapters on Stone Management and Laparoscopy.

I am a Past-President of the British Association of Urological Surgeons (BAUS), serving from 2010 and demitting office in June 2014. Since retiring from clinical practice, I have maintained my commitment to education and training and have just been elected a Fellow of the Faculty of Surgical Trainers of the RCS Edin.

I have been in medicolegal practice since 1997 and have built up a medico-legal practice with the aim of providing a prompt quality service. The practice work to date covers Claimant and Defendant activity at 20% & 80% respectively. Currently, I undertake approximately 20 – 25 Medical Negligence cases per year.

I welcome enquiries made directly with my secretariat and aim to reply to an initial approach within 24 hours. A copy of my Terms and CV are available upon request.

All formal enquiries, instructions and records should be sent to the correspondence address above. Any email correspondence should be addressed, in the first instance, to my Practice Manager, Mrs Debbie Turner at Debbie@turner-mpm.co.uk.

Adrian D Joyce MS FRCS(Urol) FFST Edin
Consultant Urological Surgeon, Leeds
Director of Education elect – Endourological Society
